DAIM/1508 GOLDEN PROJECT

Designing mobile public services

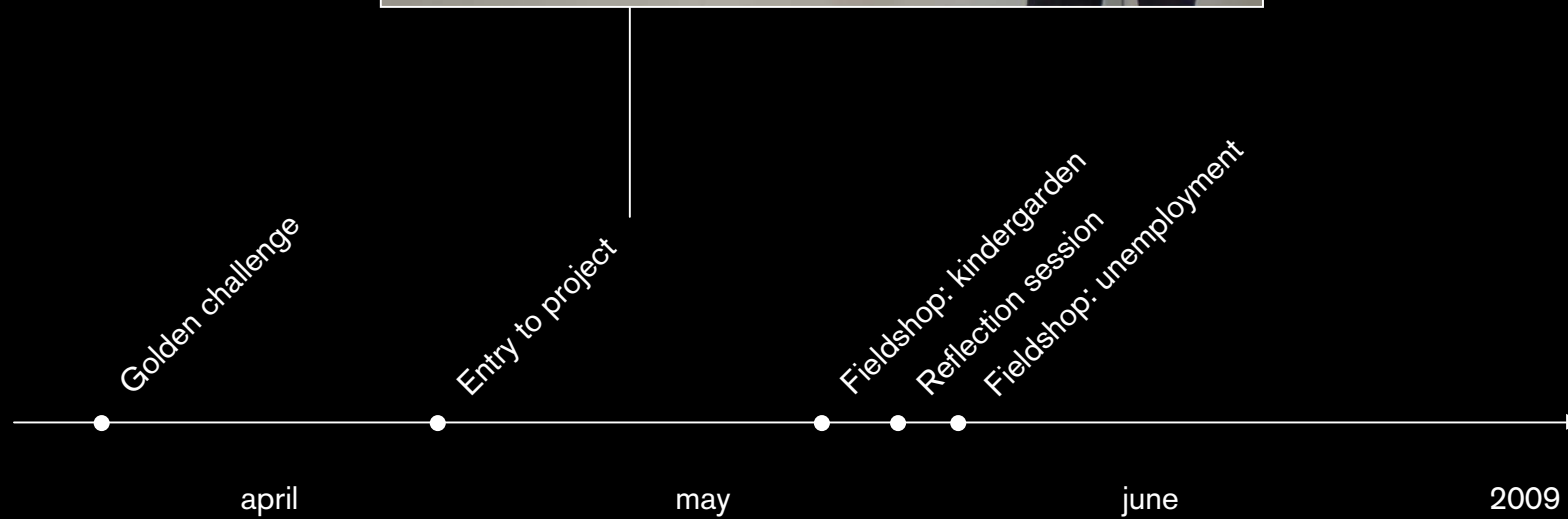

Golden challenge

2.4.2009

Entry to project

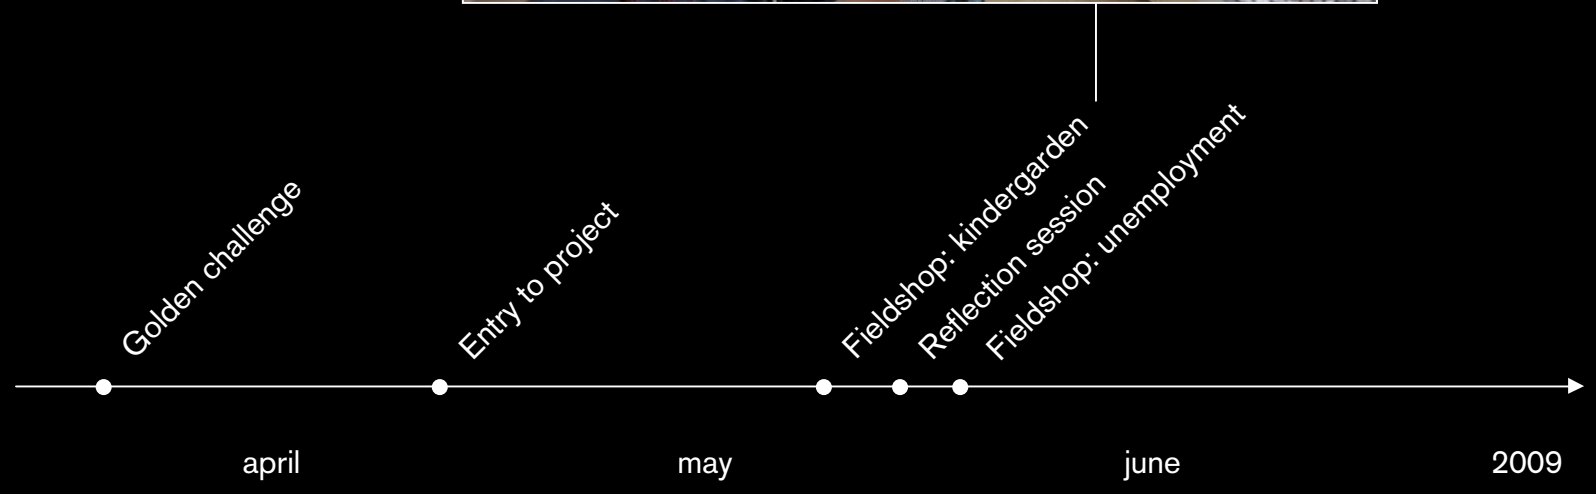

27.4.2009

How compressed can one loop of fieldwork-workshop-prototyping be?

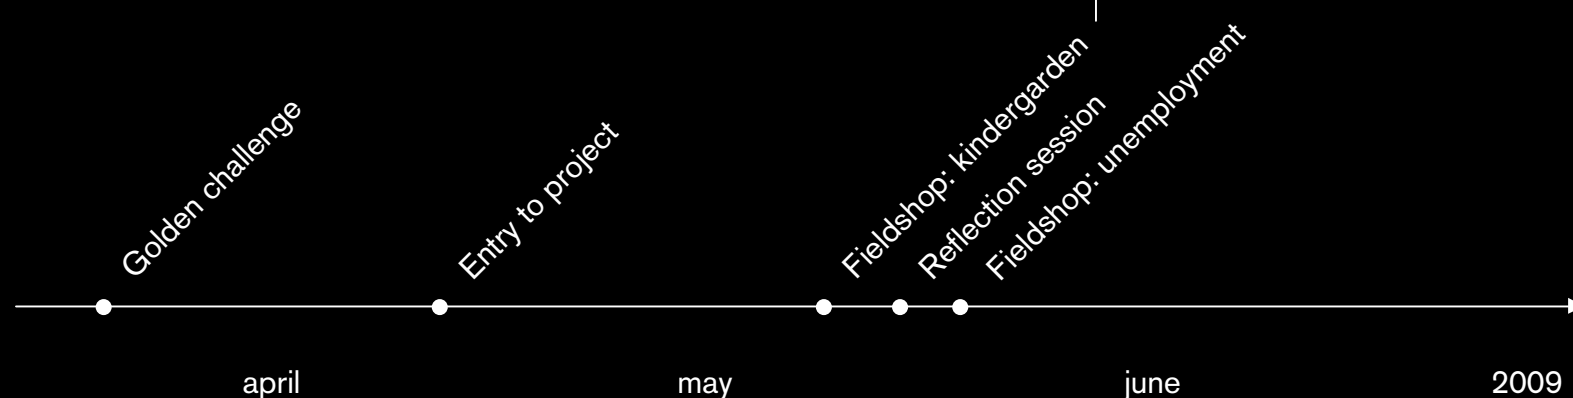

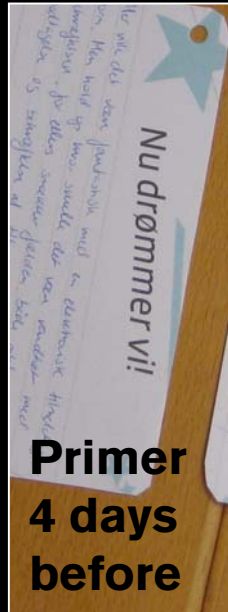

**Fieldshop:
kindergarden**
28.5.2009

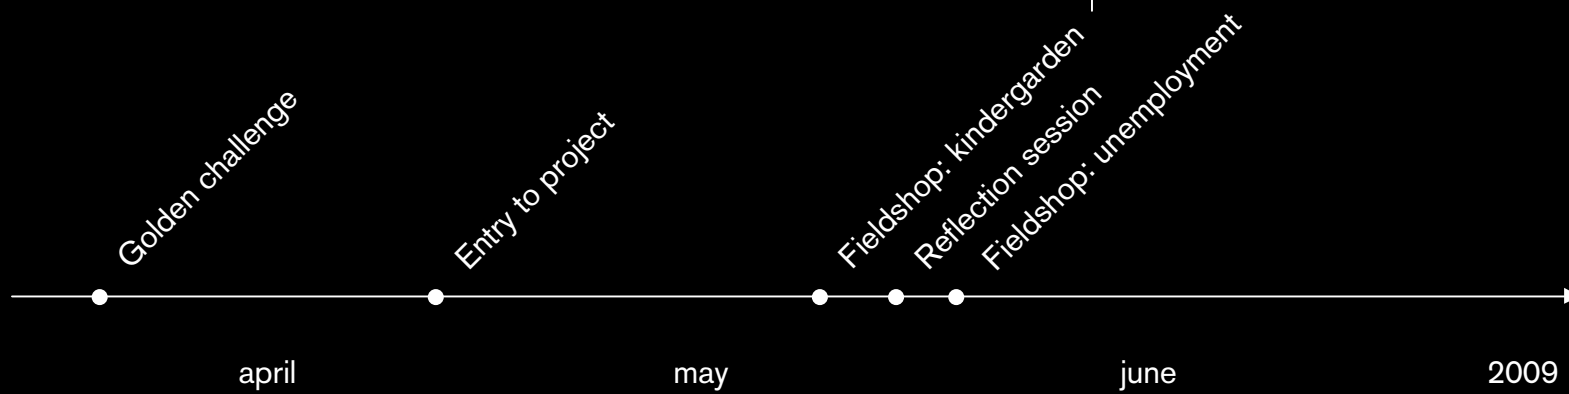

Exploratory inquiry

Sustained participation

Generative prototyping

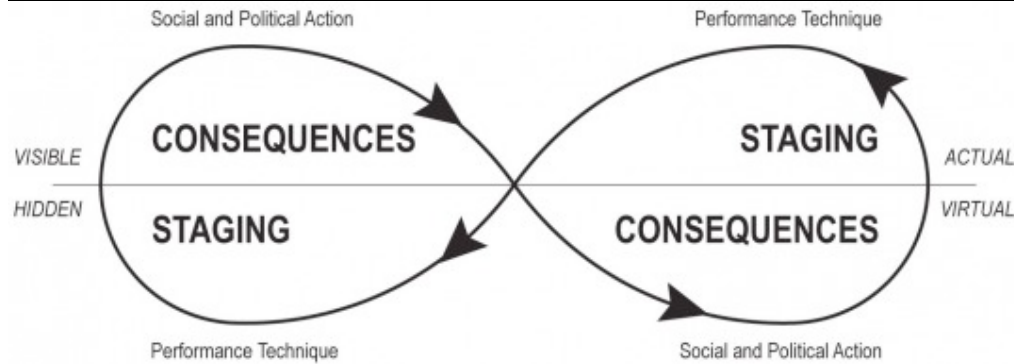

Script, location & improvisation

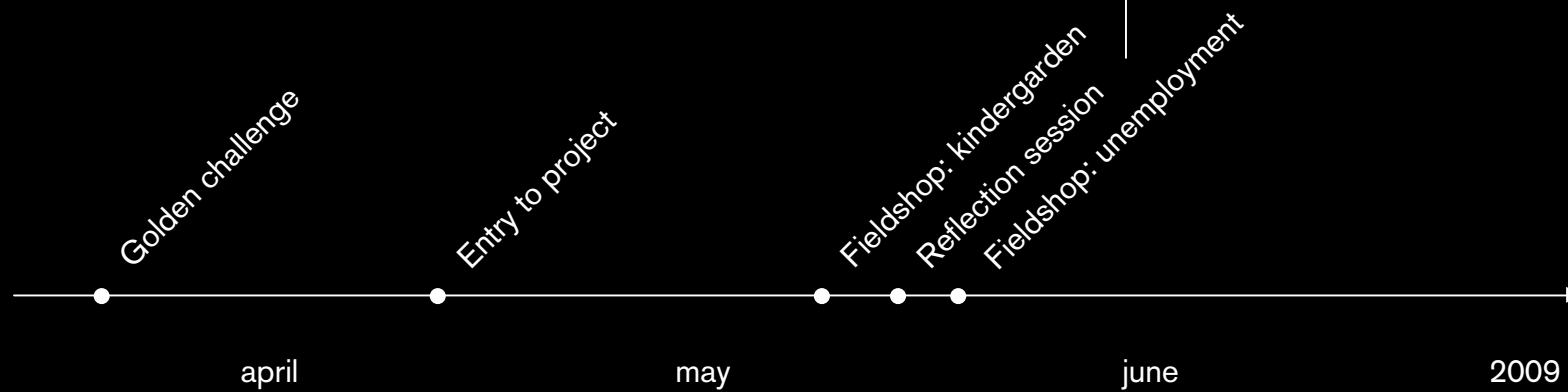

Reflection session

2.6.2009

Design as performance:

Providing a space where competing realities can be negotiated?

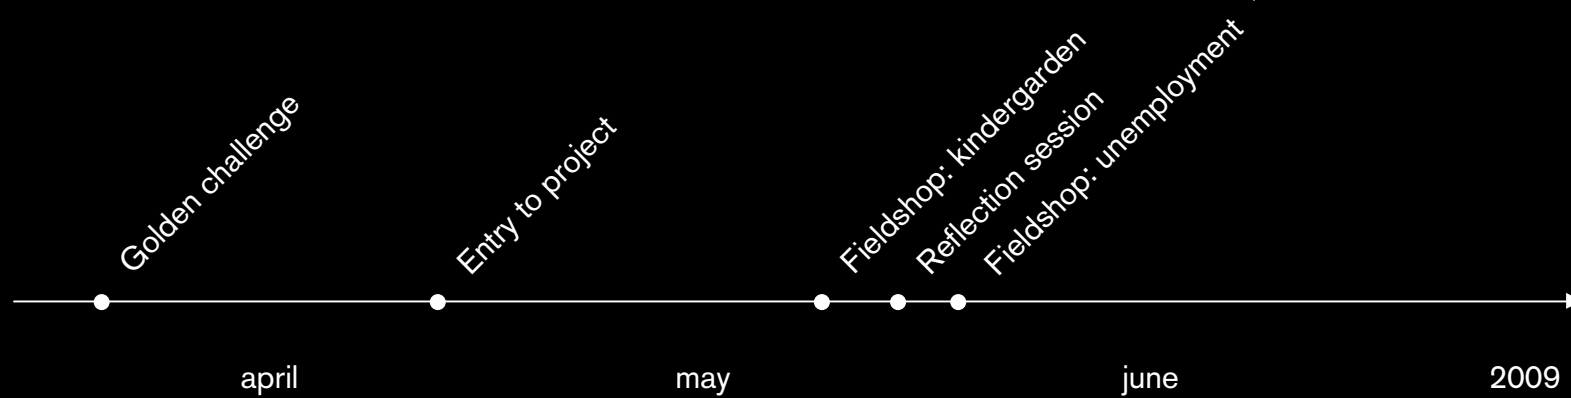

Fieldshop: unemployment

4.6.2009

Participants rehearse their
future

And try out how they would
interact if their services were
developed

Conclusion to golden challenge

Co-creation with users is possible when the services and technologies do not yet exist.

It can be done in the user's own environment.

It can even be done in the ultra compressed format of the FieldShop and still employ all three strategies: exploratory inquiry, generative prototyping and sustained participation.
